My 2 cents.

An officer's decision to pull the trigger is based on his/her interpretation of 1. the facts at hand, 2. the law (statutory and case law), and, 3. department policy. When the DA and/or the Court look at it in, they must base their decision on the same factors, not what the intent of a labor organization, or other special interest group was. POST did the right thing by presenting an analysis of the law. Anything else would be a tremendous disservice to the men and women who have to make split second life or death decisions, and trust POST to provide them with an accurate analysis of the law. FYI. Seems no one is ever happy. I spoke with Joyce and she said she would fly up for the meeting.

Good morning Ms. Cervone,

I left you a voicemail this morning, but please disregard it now that I am seeing your email.

Please give me some proposed dates/times for the meeting. I will need to check with DA Dudley in terms of the dates you propose as my guess her schedule is more impacted than mine and she will need to come up from Santa Barbara. I think we can get a quick turnaround on selecting a date/time, so please just let me know.

As an aside, at the same time as we coordinate this, I would like to set up a meeting regarding patrol rifle language legislation which was in this years Omnibus Bill. I left a message for Mr. Read earlier this week, and I would like to get that meeting scheduled as well. If you, I would appreciate coordinating dates/times for that meeting.

Respectfully,
Manny

Hi Katie,

I received Elena's out-of-office reply. Is there any way you can help me with this request?

Thank you!

Michele

Hi Elena,

I'm reaching out on behalf of the CA Police Chiefs Association, the Peace Officers Research Association of California (PORAC), and the California Association of Highway Patrolmen (CAHP). We are hoping to schedule a meeting with Joyce Dudley and Manny Alvarez to discuss POST's video on AB392, specifically the groups concerns with statements made therein regarding interpretations of the statutory changes made to CA law governing the use of deadly force against a fleeing felon. The aforementioned associations are who negotiated the language and we would like to provide the background and intent of the statutes (i.e. what is allowable under the new law).

Would you be the correct person to help set this up? They are hoping to get this scheduled next week sometime.

Thank you so much!

Michele Cervone
