Good Afternoon,

As stated over a week ago, the Governor is officially signing AB 392 today.

This link is the member email Inside the link is our coalition press release with CAHP and CPCA.

The news media will get most of it wrong. Please re-assure your members that the bill still retains the “reasonableness” standard set forth in the Supreme Court’s 1989 Graham v. Connor ruling.

SB 230 is being released from appropriations to the floor; the Governor has made it clear he wants no further delays and wants it on his desk for signing.
