

Parent Questionnaire

The ACLU and its partners would like to hear from parents and guardians about the changes you have seen at your child's schools as a result of the **Community Coalition v. LAUSD** settlement.

Beginning in 2017-2018, this lawsuit settlement provides more than \$150 million of additional funds to 50 middle and high schools in Los Angeles to invest in resources and programs that support low-income students, English learners, and foster youth. By completing the survey below, you will help us learn about the impact the settlement money is making in your schools!
