LEGEND

For item1: Add the Total Unit Pop(TUP) for each day (day 1 through day 31) = TUP
 Divide the TUP by
 the number of days in the month = Units Average Daily Population.

For items 2-8, 9,11,13,15,17: Add the totals for day 1 through day 31 and provide the monthly total in each box

For items 10,12, 14, 16: Add the total # of hours EACH Youth spent on the status EACH day of the Month and provide a TOTAL # of Hours in each box. (If 4 kids spent 2hrs each on DRC for 2 days=4kidsx2hrs =8hrs totalx2days=16total hrs were served on DRC

NOTICE

The use of chemical agents commonly referred to as tear gas is permitted under Section 12403 of the California Penal Code. Minors detained at Juvenile Hall are to be advised during orientation that ~~counseling staff are authorized to use~~ chemical agents in Juvenile Hall and under what conditions. Counseling staff may utilize agents under the following conditions:

1. Chemical agents (OC) may be used to control, restrain or subdue imminent or actual violent behavior where such behavior presents a clear danger to any person. Before chemical agents may be used, consideration must first be given to the consequences that may occur if the behavior does not cease. Chemical agents may be used only after clear instructions are given, a reasonable effort to verbally persuade voluntary compliance and a clear warning that chemical agents will be used if such voluntary compliance is not made. NOTE: Prior to the dispensing of chemical agents, whenever possible, allow an opportunity for non-involved persons to leave the area.
2. When the behavior exhibited is of such a nature that even momentary delay would result in further serious injury to a person, the chemical agent (OC) may be used without further warning.

Oleoresin Capsicum (OC) is the approved chemical agent for use in Juvenile Hall. Oleoresin Capsicum is a high concentrated form of peppers or similar synthetic substance that affects mucous membranes of humans and animals. OC, when applied to the face, typically causes the following: Swelling of the mucous membranes, involuntary closing of the eyes, gagging, coughing, shortness of breath and an intense feeling of burning on the exposed areas. Most persons encountering OC involuntarily bend over the waist or drop to their knees, regardless of their emotional or intoxicated state. The chief advantage of OC is that it is consistently effective when used against combative persons with a reduced sensitivity to pain. It also is effective when used against vicious animals. The symptoms are temporary and may last up to 45 minutes if left untreated. Decontamination of OC is simpler and more effective than the other agents.

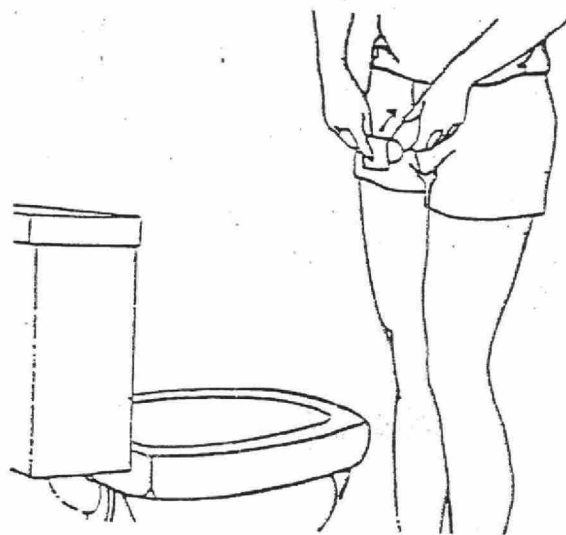

EFFECTIVE NOVEMBER 7, 1994
POST ON ALL UNIT INFORMATION BULLETIN BOARDS

Training/Orientation Outline for Oleoresin Capsicum (Revised 3/30/93):
Commission on Peace Officer Standards and Training.

INSTRUCTIONS: HOW TO COLLECT A ROUTINE URINE SPECIMEN FOR MALES

Urine testing is done at Juvenile Hall to check for anything abnormal, such as blood or infection. To avoid having to repeat this test, follow these instructions carefully. Read them through to the end before collecting your specimen.

1. Wash your hands with soap and water.
2. Open the "midstream urine collector" kit.
3. Open the packet of antiseptic towelettes (disposable wipes) and place on a clean surface near toilet.
4. Stand facing toilet. Use a towelette (wipe) to clean the head of the penis from the urethral opening toward you, if you are uncircumcised first pull back the foreskin of the penis. Then throw away the used wipe. (See picture below).
5. Remove cup from collecting kit. **CAREFUL NOT TO TOUCH INSIDE OF CUP.**
6. Urinate into the cup only to the marked line. **DO NOT ALLOW THE CUP TO TOUCH YOUR PENIS AT ANYTIME.** (See picture below).

7. When you are finished remove lid from the collector kit, and place it on the cup tightly and let staff know that you are finished.

Welcome to Joplin Youth Center (JYC)

As a new youth admitted to Joplin, there are a few key items that you need to be aware of that will assist you in adapting to the Joplin program. The first, and probably the most obvious item is the varying shirt colors the other youth wear while they are at Joplin. A breakdown of the shirt colors is as follows:

ORIENTATION (GREEN)

You will be assigned this shirt color upon entry into Joplin. You will be eligible for elevation Level 1 (red shirt) or Limited (burgundy) status after serving 30 days at Joplin.

LEVEL 1 (RED)

If you are not promoted at your 30-day case review into Limited you will remain at this level until it is determined by your treatment team that you are eligible for elevation.

LIMITED (BURGUNDY)

After having completed at least 60 days at Joplin, as well as a behavior contract, your treatment team has the ability to elevate you into this status. This status enables you to attend special off-ground activities and/or field trips, and furloughs (with proper administrative approval).

FULL (DARK BLUE)

After completing at least 60 days at Joplin (30 of those being completed at the LIMITED status level) your treatment team is able to elevate you into Full status. This status is much like LIMITED status; however, at FULL status you have access to the special community room during free time. Also at this level, you earn the privilege of having a personal radio with headphones to use during your free times.

COMMUNITY (GRAY)

Although the highest citizenship level, it does not differ much from the Full status. One of the major exceptions being that in order to achieve this status you must have completed at least 90 days at Joplin. COMMUNITY status youth are typically handpicked for special activities by staff on a regular basis.

Phone use

Upon arriving at Joplin, you will be allowed to notify your parent or guardian via telephone (at county expense) of your transfer to Joplin. The collect-only phones located in the dorm, recreation room, and fitness center are to be used during your free time only. Use of county phones is prohibited without the permission of your assigned treatment team.

Visiting

Weekly visits with your parent(s) or guardian(s) area held from 9:00am to 11:30am on Sundays. During that time, your visitor(s) are allowed to bring you food that is to be eaten during your visit. No food or drink brought to visiting is allowed after the visit has ended. Drinks are to be brought in a sealed container (Cans or Plastic bottles with appropriate seals). No open container type fountain drinks are allowed during visits. Food at visiting is a privilege, and as such, can be taken away as a consequence. Supplies provided by your visitor must be listed in the personal property section for them to be allowed. Special visits with someone that is not a parent or legal guardian will need to be arranged by your treatment team with administrative approval. Please note that visitors may not smoke during visits. You are not allowed to receive any of the following items during visits: tobacco (in any form), matches, lighters, money, liquor, intoxicants (paint, glue, etc.), drugs or forms of medication, chewing gum, or any type of weapon. Persons under the influence of drugs or alcohol will not be permitted to visit. If necessary, a staff member may terminate a visit as they are responsible for your safety and security while you are housed at Joplin. If your visit is terminated for any of the above rule violations, your visiting privileges may be suspended until the matter is reviewed by the Director of Joplin Youth Center.

Furloughs

In order to leave Joplin on a furlough, you must meet the following criteria:

- 60 days at Joplin
- LIMITED citizenship status or higher
- Display appropriate behavior
- Treatment team must approve the furlough
- Final authorization lies with the Director of Joplin Youth Center

Clothing and Personal Items

Personal hygiene items are issued to all youth serving their commitments at Joplin. Approved visitors may provide you with the following personal hygiene items:

- Soap or Body Wash
- Comb or Hairbrush
- Toothbrush and Toothpaste
- Shampoo and Conditioner
- Stick Deodorant and Lotion

Keep in mind that the items brought by your visitor must be a quantity intended for a single person. Joplin does not have storage capacity to keep stockpiles of personal supplies brought from visitors for you. Your visitor can also bring in stamps, stationary, and reading material (with proper approval from your treatment team).

Joplin Groups

Unlike Juvenile Hall, Joplin does not have individual units to house youth. All of the youth housed at Joplin are located in one location – The Dorm. The dorm itself is broken down into five specific bunk groups:

- Amigos
- Hermanos
- Caballeros
- Companeros
- Hombres

Upon your arrival to Joplin, you will be assigned to one of these group locations, a laundry number (used to identify your clothing sizes), and a counselor. Your counselor is responsible for all of your casework documents that will track your ability or inability to adapt to the Joplin program, as well as your coherence to specific court orders you may have received.

Line-ups and Line Movements

Line-ups and line movements are conducted by your assigned group staff. The expectation is that you complete line-ups and line movements in a quiet and orderly manner. Your position on line and during line movements is based on your citizenship level (shirt color order). Your group leader will maintain the front position while the other youth in the group will fall in line based on the citizenship level they have earned. Failure to follow your staff's directions on line or during line movements can result in consequences, so it is in your best interest to maintain proper line-up and line movement habits.

Pride Inspection

It is the expectation that your personal living space is neat and orderly at all times. At various times during the day, the Duty Officer will conduct PRIDE INSPECTIONS to ensure this expectation is being met. The Duty Officer will also check your personal grooming habits (fingernails trimmed, facial hair, properly fitting clothing, etc.). The lockers and bunks of each youth assigned to your group must be in order so that your group can pass the inspection. Failure to do so can result in low group points and/or loss of free time until the area meets the expectations of the Duty Officer.

Point System

Joplin uses a point based system to track a youth's adaptation to the Joplin program. Points are earned for completing specific duties, conducting line movements and quiet times properly, etc. Bonus points for both the morning and the evening are given at the discretion of the staff member working the group at that time. Points can be deducted for failing to complete the above mentioned. See more about this in the Consequences section of this pamphlet.

Work Crews

Part of the Joplin program revolves around the development of strong work habits. As a youth housed at Joplin, you are expected to work during specified times when instructed to do so by staff. Work crews range from regular household duties (cleaning the dorm, completing a trash run, cleaning the dorm restroom, etc.) to major work crews. Work crews include outdoor work such as weeding, weed whacking, pruning and clipping (bushes, trees, plants, etc.), sweeping and removing dirt from the roads and walk ways, etc. You can expect to work with your group at least two afternoons a week, on top of the daily work that your group is assigned in the morning. Morning chores are rotated each week throughout the groups. These chores are listed as follows:

- KP's (or Kitchen Patrol - Kitchen dining room clean up)
- Dormitory (cleaning carpets, the restroom, walls/windows, restocking toilet paper, etc.)
- Recreation room (same as above)
- Trash run (gather trash from the entire facility and transport to the dumpster)
- Walks and Court (sweeping and cleaning of the walkways and the court area)

In addition to the normal morning chores and the evening work crews, you or your group may be assigned to participate in special work projects both on and off grounds. Generally this is reserved for LIMITED status youth and above; however, the staff conducting that work crew can hand pick a youth of any citizenship level.

Saturday – Majors

Majors are referred to as Major cleanup projects. Majors are completed once a week on Saturdays, in order to prepare for Sunday visiting. These work crews take up a majority of your Saturday morning and if completed to the satisfaction of your staff and the Duty Officer, can earn your group extra free time for the remainder of the day.

NOTE: Failure to complete or participate in work crews can result in consequences. It is the EXPECTATION that youth housed at Joplin will share responsibility for keeping the facility clean and in good working order.

Programs

Programs for various forms of skill and competency building are an essential part of the Joplin program. Joplin offers a variety of programs that are designed to help you build competencies in various areas. Your assigned counselor has the responsibility of meeting with you and setting up specific programs for you to attend. The decision to remove you from a specific program lies with your assigned treatment team. Please note that some programs are COURT ORDERED, and therefore require you to complete them before your release. Joplin currently offers the following programs:

- F.E.A.R.
- Decision Points
- EPICS
- Substance Abuse (Alateen, NA/AA Panel)
- ROP
- Sail for Life
- HIP – Highway Improvement Program
- Anger Management
- Parenting
- Graffiti Removal
- Cross Fit
- Vehicle Maintenance
- Culinary Arts
- Gang Intervention
- Culture Awareness

These programs vary in availability and can change depending on the availability of staff.

NOTE: Failure to participate in a program or displaying inappropriate behavior can result in consequences.

School

Joplin High School is an on site school staffed by the Department of Education. School is held every weekday (with the exception of staff blackout days and county holidays) from 8:00am to 1:50pm. The classes and schedules provided by the school are designed to help you meet your requirements for graduating or acquiring a G.E.D. School rules are posted in each class, and are expected to be followed. Joplin staff members expect each youth to attend school on a regular basis while displaying appropriate behavior. Failure to do so can lead to consequences from both the school staff and Joplin staff. The School schedule on any given day is as follows:

BLOCK A	8:00am - 8:45am
	8:45am - 9:30am
Break	9:30am – 9:50am
BLOCK B	9:50am – 10:35am
	10:35am – 11:20am
Lunch Break	11:20am – 12:20pm
BLOCK C	12:20pm – 1:05pm
	1:05pm – 1:50pm

Field trips, testing, or special school related activities can alter this schedule.

Counseling Contacts

You have the right to request to speak to or meet with the following:

- Religious V.I.P. (Volunteer In Probation) – see religious information
- Supervising Juvenile Correctional Officer / Duty Officer (request through your counselor)
- Your assigned Deputy Juvenile Correctional Officer II (submit a completed form)
- Nurse (complete a sick-call slip and submit)
- C.E.G.U. (counseling which requires your counselor to arrange)
- Safe Schools Drug and Alcohol Counselor or Interns

Nurse/Medical needs

Youth are not allowed in the nurse's office without her permission. The nurse is normally available Monday through Friday. If you wish to speak to the nurse regarding medication or medical needs, you must fill out a sick-call slip or inform your staff member.

C.E.G.U.

CEGU staff are on site typically Monday through Friday, and counsel with you individually. CEGU staff are considered the Therapists of Joplin. They will meet with you by appointment only. Your staff can supply you with the form to arrange for your appointment.

Safe Schools

Safe Schools Drug and Alcohol counselor is on site Monday through Friday. There are also Interns that are available throughout the year. Youth are assigned to a counselor shortly after arriving to Joplin.

Religious Services

Basic religious services for Catholics and Protestants are provided on the following days:

Catholic Mass	Sunday	1:00pm – 2:15pm
Catholic Bible Study	Tuesday	6:30pm – 7:30pm
Protestant Bible Study	Thursday	6:30pm – 7:30pm
Protestant Services	Friday	6:30pm – 7:30pm

Other religious services can be arranged on an individual basis.

Quiet Time

Quiet time is typically after your Hygiene is complete and before lights out at night. Any time more than two groups are in the dorm at the same time, is quiet time. During quiet time, you are expected to:

- Not talk
- You may read or write (unless your staff tells you otherwise)
- No games are allowed other than Solitaire
- You must be on your bunk
- No more than one youth is allowed at the staff desk at a time
- You must receive permission to get off of your bunk

Night Time (Lights Out)

From 9:00pm until you wake up, you are expected to:

- Wear your shirt, shorts, or Pajama Pants and sandals while walking in the dorm
- You are to sleep underneath your blankets, not on top of them
- All clothing not being worn must be locked inside your locker
- No pencils or other items are allowed on your bunk
- Only one youth is allowed to leave their bunk at a time
- No phone calls are allowed after 9:00pm

NOTE: Any misbehavior that occurs during lights out can result in more severe consequences than they normally would during the day. It is the expectation that all youth behave appropriately after lights out during the nighttime hours.

Meal Times

During Breakfast, Lunch, and Dinner, all youth are expected to sit in their assigned dining area unless otherwise directed by their staff. Normally, talking is permitted until seconds is called. Once seconds is called, no talking is permitted until you continue on with your groups next activity. Seconds is called based on the previous days points for the groups. The group with the highest points the previous day goes first, and so on. When your group is called for seconds, the staff will call youth up by their table number. It is the expectation from all staff that youth display proper table etiquette while in the dining room during meals. Failure to do so can result in consequences. No food items are to be brought out of the dining room area unless authorized by staff. Food items are not to be stored in your locker.

NOTE: Cleanup for your group is completed primarily by your assigned group's "scraper". Each group is responsible for leaving their eating area clear of trash and dishes/silverware.

Mail Service

You are allowed to mail out two letters a week at the expense of the county. Mail is generally distributed every night during quiet time except for major holidays and Sunday. Outgoing mail needs to be checked by staff and initialed before it is sealed and sent out. Letters that do not get screened by staff will not be sent out. Writing or receiving mail to or from persons on probation or persons housed in another county detention facility is prohibited. The mailing information to Joplin is:

(Your name)
P.O. Box 307
Trabuco Canyon, Ca. 92678

Jobs and Apprenticeship Programs

Each youth at Joplin is provided with a Joplin Salary. This salary is based on two conditions: The first condition is tied directly to your citizenship level (shirt color). The pay scale for shirt colors is as follows:

Green	\$.10 per day
Red	\$.10 per day
Burgundy	\$.15 per day
Dark Blue	\$.20 per day
Black	\$.25 per day

Also, group leaders and assistant group leaders earn additional pay for their leadership roles. Their pay is as follows:

Group Leader	\$1.00 per week (on top of their daily pay)
Assistant Group Leader	\$.75 per week (on top of their daily pay)

In addition to these pay scales, specific jobs or apprenticeship programs allow you to earn even more pay each week. They are as follows:

K.P.'s	\$.10 each KP (3 meals - \$.30)
	\$.05 bonus (your staff can add this bonus each meal)
Laundry	\$1.75 per week
Kitchen	\$1.75 per week (note this is not to be confused with KP's)

NOTE: A full day of KP's with the bonus on each completed KP totals out to \$.60 per day. If you earn this pay consistently throughout the week you are looking at \$3.15 for KP's alone. This amount is added on top of any other pay you receive. It is important that you earn the bonus during your KP shifts as it greatly increases the pay you earn.

Please note that youth who are serving restricted status as a consequence will not be paid a daily salary. They will, however, still earn pay for KP's or special jobs they complete. As always, inappropriate behavior can result in being dismissed from a job or program.

Payday is every Friday. You can spend Joplin money at the store according to the schedule below:

Saturday	5:30pm-6:00pm	For all youth
----------	---------------	---------------

In addition to being paid for jobs, certain jobs are in fact linked directly with the Joplin High School. In addition to being paid for these duties, you also earn school credits that will help you graduate. Upon completion of these apprenticeship programs, you will earn a certificate of completion.

Behavioral Expectations

The Joplin program expects for each youth to follow the posted Institutional Rules of Conduct. Upon entering Joplin (and even Juvenile Hall), you signed a document stating that you understood each of these rules, and agreed to follow them. It is important to know that violating these rules can lead to consequences both mild and severe. The staff at Joplin are expected to hold each and every youth accountable for their actions. In an effort to assist youth in correcting improper behavior, Joplin has designed a consequence system.

Consequences

By failing to follow the Rules of Conduct, a youth can receive a variety of consequences which are listed as follows:

1. Zero on daily point sheet – At the end of each week, a weekly point sheet is distributed throughout the dormitory. These points allow youth to be eligible for special projects and field trips. In addition, the group with the highest number of points at the end of the month will receive a Pride Party. This celebration is for the winning group only, while the remaining groups continue with regular programming, the winning group enjoys festivities arranged by their group staff. By receiving Zero's, you not only ruin your points each week, but your group as a whole will feel the loss of your points at the end of the month.
2. Behavior Notice – These documents are used when staff's attempts at redirection fail. Usually a youth receives a Behavior Notice after being told repeatedly by staff to correct their behavior. Youth can also receive a Behavior Notice after receiving a Zero (noted above). A youth who receives a Behavior Notice can receive a consequence listed below:
 - a. Joplin money fine – Money will be taken from your weekly pay check
 - b. Writing Assignment – Until completion of the assignment, a minor will not receive free time.
 - c. Dorm and Chair Status – This consequence is utilized when a youth in non-compliant and unable to maintain with the group. Dorm and Chair status youth are expected to sit in a chair at the group desk while in the dorm. Instead of eating your meals with your group in the dining room, you will be required to eat your meal in the dorm. Please note that while serving this consequence, you will not be provided a chance for seconds during the meal. Occasionally, this consequence is augmented and youth serving this status will be allowed into the dining room, but will be

seated near the staff only table for the duration of the meal. This status is reviewed each hour to check on your compliance and your willingness to behave and give a commitment to follow the rules.

- d. L.O.F.T. (Loss of Freetime) – This activity is intended to be held on a nightly basis. From the hours of 7:30pm to 8:30pm, youth serving LOFT will be required to sit and write the rules of conduct. No communication between youth is allowed during this time.
 - e. Loss of radio/playing cards – Self explanatory. Receiving this consequence means that your radio or playing cards will be taken away until the consequence is completed.
3. Special Incident Report (SIR's) – SIRs are considered a more severe consequence than the ones listed above. Generally, SIR's are not reserved for consequences, but for things related to the performance of staff duties (medication shortages, tools broken during work crews, youth accidentally injured during recreation activities, etc.); however, occasionally youth who continually violate the rules of conduct can receive a SIR which can result in the following consequences:
- a. Up to Seven days of Restricted Status (Yellow shirt) – While serving this status, a youth is not allowed to use any of the County's recreational equipment (sports items, weights, etc). Additionally, any youth on Yellow shirt will only be allowed to play solitaire during free time and will not be allowed to play cards with other youth.
 - b. Loss of Personal Property – Any personal property that you have in your possession (photos, letters, cards, etc) will be taken away until the consequence is completed.
 - c. Restricted Seating – Restricted Seating is a consequence that limits your ability to participate in extra activities with your group. While on Restricted Status you will be instructed to remain with your group; however, will be seated near the staff or instructed to sit in a specific location while on this status. LME will be the only activity you will be able to participate in while on this status. You will also be able to eat your meals in the dining room with your group as long as you are behaving appropriately.
 - d. Suspension from Camp: You may be suspended from camp and transferred to another juvenile facility for a period of time due to exhausting all other consequences at Joplin or if your behavior is severe enough that it warrants suspension from camp. You will be referred to a DHO if a suspension occurs.
 - e. Referral to the Discipline Hearing Officer (DHO) – This consequence is the most severe of consequences you can receive from a Special Incident Report. The consequences that come from a DHO consist of anything from 14 days of restricted status to even an application for petition (possible filing of new law violations – additional commitment time). If at any time you are removed from JYC, you may not receive the personal items that were sent to the property room. These consequences are issued on a case by case basis depending on the nature of the rule violation.

NOTE: YELLOW shirt status can be stayed (held over your head and not served) at the Duty Officer's / Supervising Juvenile Correctional Officer's discretion. Lying, refusing to counsel, and continued defiant behavior makes it very difficult for the supervisor to stay a consequence. It is in your best interest to be honest and respectful once you find yourself receiving consequences for a rule violation.

Gang Activity

A large portion of the youth transferred to Joplin participate in street gangs. The expectation of Joplin staff is that all youth refrain from participating in gang-related activity throughout their completion of their commitment. Gang activity can be broken down into the following categories:

Gang signs	Any type of symbol used to represent a known gang
Sagging	Clothing is to be worn in an appropriate manner
Mad-Dogging	Staring at another gang member in an aggressive manner
Disrespecting	Nicknames used to disrespect another gang
Gang related Fight	Fights that are determined to be caused by rival gang members
Graffiti	Writing, etching, carving, etc of monikers or gang symbols

NOTE: This violation can result in more severe consequences if county property is damaged in the process of violating this rule. Also, youth who are on gang terms need to be especially careful not to participate in any gang-related incident. Doing so is in direct violation of your Gang Terms, and can result in an Application for Petition (sending you back to court).

Profanity

It is expected that all youth housed at Joplin will refrain from using profanity towards one another, and especially refrain from directing profanity towards staff members and teachers.

Non-English Communication

With the exception of youth who cannot speak English fully, all youth are expected to use English only when communicating with one another. Although it might seem unfair, consequences can be issued to a youth who outright defies staff directions to speak English. It is in your best interest to speak only in English if you can do so.

Assuming Responsibility

Upon receiving a consequence for a rule infraction, a youth is expected to counsel with the staff member issuing the consequence. It is important to remember that staff are here to assist youth with their problems. Failure to counsel with a staff member only increases the severity of consequences issued; therefore, take the time to counsel with your staff if you are afforded the opportunity. If you violated a rule, take responsibility for your actions and give a solid commitment to not violate the rules of conduct in the future.

Use of Force at Joplin

Understand that all Deputy Juvenile Correctional Officers and Supervising Juvenile Correctional Officers are sworn Peace Officers who have the authority to use force on a youth when the youth's behavior is extreme and warrants the use of force. The Use of Force that may be used is mechanical restraints, the use of O.C. Pepper Spray and various hand holds in order to gain compliance of a youth. Since DJCOs and SJCOs are Peace Officers, an assault on staff would be considered an assault on a Peace Officer.

Grievances

All youth have the ability grieve a staff, teacher or any person who is assisting youth at Joplin when they believe they are being mistreated or their Rights are being violated. Confidential grievance forms are located in 2 locations in the dorm along with a locked box that you can place the grievance form in. You can also ask your staff or Supervising Juvenile Correctional Officers for a grievance form to fill out. Once the grievance form is received, the SJCO and/or Joplin Administration will review the grievance and address the concern. Remember, we take grievances seriously, so we need to ensure youth are not misusing grievances when submitting them.

Court Information

Understand that part of your Court Orders is to obey the Rules of the Facility and the reasonable direction of staff with search and seizure. If at any time you are non-compliant or staff feels they have exhausted all resources with attempting to modify your behavior, they may notify your assigned Deputy Probation Officer and the Court in order to inform them of your behavior while in the Facility.

Non-Discrimination Policy

All youth within the facility shall have fair and equal access to all available services, placement, care, treatment, and benefits, and provides that no person shall be subject to discrimination or harassment on the basis of actual or perceived race, ethnic group identification, ancestry, national origin, color, religion, gender, sexual orientation, gender identity, gender expression, mental or physical disability, or HIV status, including restrictive housing or classification decisions based solely on any of the above mentioned categories.

USE OF FORCE - PHYSICAL, MECHANICAL & CHEMICAL

AUTHORITY: Administrative Directive

RESCINDS: Procedure Manual Item 3-1-015, dated 11/08/11
 Procedure Manual Item 3-2-031, dated 02/10/10 (Combined with 3-1-015)

FORMS: Restraint Report (F057-6305)
 Special Incident Report (F057-7018)

PURPOSE: To establish guidelines for the physical intervention/restraint of youth in custody.

I. GENERAL INFORMATION

- A. The basic policy of Juvenile Institutions is to provide for the physical safety and security of **youth**, staff and visitors within the facility. Within that basic policy, when dealing with aggressive **youth**, staff will use only the level of physical intervention/restraint needed to immediately stop the aggressive behavior and ensure the safety of **youth** and others. A physically aggressive **youth** should first be directed to stop the behavior before physical intervention/restraint is used.
- B. Physical intervention shall never be utilized in retaliation for something a **youth** has done, nor to punish or discipline a **youth**. When applying physical intervention/restraint, staff must not allow anger or emotions to cause a loss of control.
- C. Restraint is the partial or total immobilization of a person by the use of hands or equipment. Restraint equipment may include either mechanical or chemical restraint.
- D. Deputized staff assigned to juvenile institutions may restrain a **youth** under the following circumstances:
 - 1. In self-defense.
 - 2. In defense of another.
 - 3. To prevent an escape.
 - 4. To protect a **youth** from self-inflicted injuries or suicide.
 - 5. To maintain necessary control of a **youth** (type of restraint determined by **youth's** level of cooperation).
- E. Staff members have five options/techniques available to them to gain control of **youth** in custody.
 - 1. Reputation Bearing and Appearance

Reputation Bearing and Appearance are the first and most often used options in the maintenance of good institutional control and the prevention

of situations requiring physical intervention. This option is defined as the effect of a staff member's demonstrated honesty, professionalism, integrity, pride and reputation for fairness, on a **youth's** behavior. Rapport, cooperation and respect are also necessary ingredients. These characteristics, to be effective, must be consistently maintained.

2. Dialogue/Counseling

- a. Dialogue refers to a staff member's ability to engage a **youth** in conversation, which will result in a de-escalation of defiance.
- b. Counseling refers to the ability to use dialogue or two-way communication, to gain control of a situation through reasoning, rapport and insight. Counseling is intended to provide staff with information necessary to de-escalate a **youth's** emotional condition.

3. Chemical Restraint

The use of chemical agents commonly referred to as tear gas is permitted under Section 12403 PC. Oleoresin Capsicum (OC) **and/or Wasabi** are the approved chemical agents for use in **juvenile** institutions.

4. Empty Hands/Physical Restraint

Empty hands restraint involves a staff member's use of the various self-defense and physical restraint control techniques and holds taught in the Juvenile Correctional Officer Core Course (JCOCC) curriculum.

5. Mechanical Restraint

Mechanical Restraint refers to control by use of application of handcuffs, shackles, transportation belt, flex cuffs, martin chains, the "tubes", institutional shield and soft-leather restraints as taught in the Juvenile Correctional Officer Core Course curriculum.

- a. The guidelines for use of mechanical restraints are outlined in separate Procedural Manual Items (**PMI**). Handcuffs, Shackles and Transportation Belts are in PMI 3-1-006; Soft-Leather Restraints and the "tubes", PMI 3-2-110; and Institutional Shields, PMI 3-2-012.
- b. Only mechanical restraints supplied by the Probation Department may be utilized.
- c. Institutional shields are only authorized for use by staff who have received specialized training.

F. The above listing is not to be construed as meaning that the authorized options available are to be used only in the order listed. Exigent circumstances may dictate that an employee begin at the first, third or even the last option. Options one and two are the most often used and preferred methods of gaining compliance.

G. In restraint and control situations, staff may utilize only those control and restraining techniques and devices which are approved and/or provided by the Probation Department, and in which the employee has received approved training. In no case

shall a **youth** be “hog tied”.

- H. **Youth will not** be physically or chemically restrained in situations where control can be gained through the use of reputation, bearing, appearance, dialogue or counseling.
- I. When physical restraint is used, staff members must escalate or de-escalate the level of control as the **youth's** resistance or behavior changes. In most cases, soft leather restraints will be the last resort to prevent a **youth** from self-inflicted injuries.
- J. When a **youth** becomes out of control to such an extent as to make the use of restraint a possibility, staff are to notify a Supervising Juvenile Correctional Officer (SJCO)/Duty Officer or **Institutional** Administrator immediately, and they will immediately report to the location. Absent imminent danger, staff must contain the **youth** until a supervisor/administrator arrives.
- K. Staff must take in to account any known medical conditions that would contraindicate certain restraint devices and/or techniques, which restraint devices are appropriate based on known medical conditions, and the signs/symptoms that would indicate a need for immediate medical/mental health referral. Staff shall also be aware of the location of and trained in the use of Automatic External Defibrillator devices (AED's) as well as be currently certified in first aid and Cardiopulmonary resuscitation (CPR) prior to using any physical, mechanical or chemical restraints on **youth**.
- L. Pregnant **youth** present special circumstances that require a higher level of consideration prior to the use of any physical, mechanical or chemical restraints. A pregnant **youth** shall not be shackled by the wrists, ankles or both during labor, including during transport to a hospital, during delivery, and while in recovery after giving birth, subject to legitimate safety and security needs. In such cases, the least restrictive means of restraint shall be utilized. Staff shall seek supervisory approval prior to using physical, mechanical or chemical restraints on a pregnant **youth**, except in exigent circumstances where undue delay would jeopardize the safety and security of staff, **youth** or others.
- M. Employees observing violation(s) of this policy shall immediately report the occurrence to their supervisor or the Duty Officer or an Administrator.
- N. Whenever a **youth** is physically, mechanically, and/or chemically restrained, he/she must be referred to medical staff and a **mental health clinician with the exceptions of youth who are placed in mechanical restraints for purposes of escorts, school/church removals or court movements.**

The only exception is when transporting a cooperative **youth** in handcuffs from one location to another, e.g., court movement, unit transfer.

- O. Other than the above-noted exception when transporting cooperative **youth**, all incidents of restraint will be documented by completing a Special Incident Report and Restraint Report by the end of the shift.

II. PROCEDURE

- A. Physical Restraint

Correctional Officers may utilize nine different empty hand/control holds. This section will describe each of those control techniques for review purposes only. Correctional Officer staff must learn these control holds during structured training.

1. Accordion Squeeze

With either arm behind the back and in the handcuffing position, place one hand securely on the elbow, the other hand over the **youth's** hand and apply pressure inwardly with both hands, in the natural motion of the wrist joint (i.e. palm of **youth** towards forearm).

2. Wrist Lock/Come Along

- a. Approach the **youth** from behind. If you take the **youth's** left wrist, use your right hand. If you take the **youth's** right wrist, use your left hand.
- b. Grasp the wrist and pull up. Place your free hand at the bend in the inner elbow. Push the elbow under your armpit and your side. Move your free hand to the **youth's** hand. Press down and inward.

3. Cross-Hand Wrist Lock

- a. Can be applied to either hand, i.e., your right hand to the **youth's** right hand; your left hand to the **youth's** left hand.
- b. Reach across the **youth's** body and grasp the hand. Your fingers will curl around the **youth's** fingers. Lift straight up, pulling the hand toward you. Place your free hand on the **youth's** wrist and push down.

4. Controlled Escort

- a. Use the accordion squeeze. Secure the **youth** with handcuffs, and escort backwards.
- b. With the **youth** in handcuffs and behind his/her back, insert your hand through the space between side and arms. Grasp the hand. Secure the arm next to your side. Push inwardly on the hand and escort backwards.

5. Hand Control Technique

- a. Approach the **youth** from the front.
- b. If you use your right hand, grasp the youth's left hand. If you use your left hand, grasp the youth's right hand.
- c. Reach over and grasp the hand **using a "C Clamp."** Your thumb will be in the middle of the back hand. Your fingers will curl around the thumb and into the palm. **Lift the hand up to chest level with the palm facing toward the youth. Reach up and grasp the youth's hand with your free hand also using a "C Clamp."** Both of your thumbs are now on the back of the hand. All of your

fingers should be curling around into the youth's palm.

- d. **Push on the back of the hand with your thumbs as though you were trying to make the youth's fingers touch their own bicep and direct the youth to "get down."**

6. Arm Control Technique

- a. This hold can be approached from any direction and either hand can be used.
- b. Grab the **youth's** right wrist with your right hand. Your left elbow is under the **youth's** right armpit; your left hand protects your face.
- c. Step forward with your inside foot; your shoulder is behind the **youth's** shoulder. Slide your left hand down the **youth's** arm, and grasp the back of the **youth's** hand.
- d. Release your right hand and control the **youth** with your left hand.

7. Foot Block and Shoulder Drag

- a. Block the back of **youth's** foot with the outside of your foot to prevent him from stepping back.
- b. Grasp the **youth's** shoulders and pull him off balance backward.
- c. Pivot with the **youth** and place him face down on the ground.
- d. When the **youth** is on the ground, place the **youth** in an approved control hold and apply handcuffs.

8. The Turtle Calf Roll

- a. When the **youth** is in the prone position, place your knee on the outside of the calf muscle and roll the calf inward.
- b. When the upper torso begins to roll with the calf pressure motion, the staff positioned near the **youth's** shoulder will place the **youth's** hand in an approved control hold and apply handcuffs.
- c. This method will only be used when the **youth** is prone in a small, confined area where there could be objects in the way (i.e., desks, beds, chairs, etc).

9. The Controlled Figure Four

- a. This control hold requires two staff and continuous communication with the **youth** and between the two staff.
- b. When the **youth** is face down in the prone position with his/her hands under his/her chest and the legs are kicking, one staff will approach from the rear at the feet, one will approach near the shoulder area.

- c. Control one foot and cross it over to the backside of the other knee. Grab the other foot and bring it up to just past vertical, do not force the foot downward. The foot will rest on the staff's shoulder. The staff should then move forward to cradle the extended leg against their body.
- d. The staff at the **youth's** feet will then reach to the outside of the crossed leg and pull up and to the side. This will turn the **youth** over in a lever action.
- e. The staff at the shoulder area will place the **youth's** hand in an approved control hold and apply handcuffs. This method will be used in an open area (i.e. day room, black top).
- f. If the **youth** becomes rigid and will not allow you to cross the leg, apply pressure to the top part of the calf muscle by using the tip of the thumb or knuckle applied downward into the muscle. This will result in a reflex bending action and allow you to bend the knee and cross the leg over.

B. Chemical Restraint

Youth that are detained and/or committed are advised during the orientation process that **Correctional Officers** are authorized to use chemical agents in **all juvenile institutions** and under what conditions. Correctional Officers may utilize chemical agents under the following conditions:

- 1. Chemical agents (Oleoresin Capsicum **or Wasabi**) may be used to control, restrain or subdue imminent or actual violent behavior where such behavior presents a clear danger to any person.

Before chemical agents may be used, consideration must first be given to the gravity of the situation, the present danger of injury to persons and/or the consequences that may occur if the behavior does not cease. Chemical agents may be used only after clear instructions are given; a reasonable effort has been made to verbally persuade voluntary compliance and a clear warning that chemical agents will be used if such voluntary compliance is not made.

(NOTE: Prior to the dispensing of chemical agents, whenever possible, allow an opportunity for non-involved persons to leave the area).

- 2. When the behavior exhibited is of such a nature that even momentary delay would result in further serious injury to a person, the chemical agent (OC **/Wasabi**) may be used without warning.
- 3. Whenever possible, staff should avoid deploying a **chemical agent** against **youth** who have the following medical histories or profiles:
 - a. **Youth** under the influence of PCP, cocaine, or methamphetamines.
 - b. **Youth** who are currently taking psychotropic, stimulant medications, Dexedrine, Ritalin, Cylert and Desoxyn.

- c. **Youth** who have a history of asthma or limited lung capacity disease and are currently, or within the last six months, using an inhaler and/or prescription medication.
- d. **Youth** who have a history of heart disease.
- e. **Youth** who are known to be pregnant.
- f. **Youth** who have a current seizure disorder that is being treated with anticonvulsants or **youth** who have a history of seizure within the last year.
- g. **Youth** with severe skin disorders in which they have severe dermatitis, or multiple large open draining lesions.

All individuals who admit to any of the above medical history or those who the arresting officer and/or a booking staff recognizes as being present should be identified upon booking and tagged with a colored medical alert ID bracelet. The purpose of this bracelet will be to alert staff of a "no OC profile." All reasonable efforts should be made to avoid spraying these youth with a Chemical Agent. However, because staff and non-aggressive youth safety is our primary responsibility, there may be occasions where a Chemical Agent may have to be used on medical alert youth to prevent serious injury.

- 4. Ensure that no greater amount of chemical agent is used than is necessary to subdue the **youth**. Chemical agents shall not be used on **youth** who are resistive, but not physically aggressive. **Press actuator to fire at subjects face in ½ to 1 second bursts. To stop firing, release pressure from actuator. Deploy ear to ear across subjects eyes. If you miss the eye target area, deploy the spray back across the subject's eyes in opposite direction. If you are unable to restrain the subject after 3, ½ to 1 second bursts, employ the next appropriate force option.**
- 5. The Chief Probation Officer shall designate those persons authorized to carry and use chemical agents. Approved staff must:
 - a. Be sworn as a peace officer.
 - b. Have successfully completed the P.O.S.T./S.T.C-certified chemical agent course.
 - c. Be on duty.
 - d. Attend update training annually to ensure understanding of the limitations of use, potential dangers of use, authorization to use, and use techniques, and pass annual re-certification by an approved trainer.
 - e. Be able and proficient in empty hand/physical restraint control holds, and pass annual re-certification by an approved trainer.

- f. All **Correctional Officers** as well as SJCO's are authorized to carry departmentally issued **Chemical Agent** Spray while on duty, contingent on compliance with sections a., b., c., d., and e. above.
- 6. Authorized chemical agents will be stored in specific designated areas only. Authorized staff will be issued a canister at the beginning of their shift and return the canister at the end of their shift. Under no circumstances is anyone to take a chemical agent out of the building when going off duty or while on break. The **Juvenile Hall Institutional Security Unit (ISU)** supervisor **or an assigned camp SJCO** will establish a daily inventory to ensure each and all canisters are accounted for.
- 7. The ISU **or assigned camp** supervisor will maintain a control system that includes a routine process for inventory of chemical agents on hand and review of the effectiveness and replacement of those items that are out of date and/or no longer effective. Unit SJCOs shall arrange for monthly testing of **Chemical Agent** canisters, and document same on the monthly security equipment form.
- 8. The use of a chemical agent shall be reported by the end of the shift in writing on a Special Incident Report and Restraint Report. Reports shall depict:
 - a. A clear and factual justification for its use.
 - b. A description of how **the Chemical Agent** was used and the results obtained.
 - c. A complete description of decontamination procedures and medical treatment.
- 9. **Youth** who are exposed to chemical restraint are to be restrained and handcuffed while they are still feeling the initial effects.
- 10. Staff who restrain **youth** exposed to a **Chemical Agent** spray must wear gloves in that OC affects the mucus membranes of humans and animals.
- 11. Decontamination/Aftercare Procedures:
 - a. Decontamination measures must be undertaken as soon as practical after a **youth** is subdued and restrained. Immediately flush contaminated areas with large quantities of cold water. If in a living unit, take the **youth** to the kitchen sink or the shower area (Sanitize the area used for decontamination afterwards). If outside, assist individual to fresh air. Remove contaminated clothing. Shower in cold water **and** issue clean clothing. (Any staff contaminated with a **Chemical Agent** should follow the same procedure.)
 - b. **Juvenile Hall** Court Holding decontamination procedures:
 - (1) Court Holding staff will keep one spray bottle of water marked in red "OC" in the staff restroom.

- (2) Staff will start the decontamination process by spraying water on the **youth's** face while enroute to the IRC/Y/Z showers.
 - (3) Place the **youth**, fully clothed and handcuffed, into a cold shower until the **youth** no longer feels the effects of the chemical agent.
 - (4) In the event of over spray to other **youth** in the area, they will receive the same decontamination process. They will be handcuffed if necessary.
 - (5) Court Holding staff using the chemical agent will be with the **youth** throughout the entire decontamination process and follow current guidelines as per PMI 3-2-015.
- c. Observe the **youth** in 5-minute intervals for one hour.
 - d. All **youth** exposed to a **Chemical Agent at Juvenile Hall or the Youth Leadership Academy** must be seen by the Medical Unit immediately. The staff member who sprayed the individual is responsible for advising medical personnel or others of the decontamination procedures (water/air). The Medical Unit will respond to the decontamination location.
 - e. **At Joplin Youth Center or the Youth Guidance Center when a camp nurse is available, the camp nurse will determine the need to respond to the decontamination location. Any youth exposed to OC spray at the camps must be seen by the onsite camp nurse or transported to Juvenile Hall as soon as is safely practical after decontamination procedures are completed. Any time a youth has been exposed to OC spray, they must be removed to Juvenile Hall.**
 - f. Symptoms should disappear within 15 to 45 minutes without aftereffects.
 - g. If a **Chemical Agent** is ingested, allow the **youth** to rinse his/her mouth and drink water.
 - h. **Immediately following decontamination the youth must be referred to Mental Health staff. A licensed clinician from the Health Care Agency (CEGU) or Department of Education (Safe Schools) will determine if the youth needs to be seen and if so, will see the youth within 72 hours and submit a report to the Director of the involved institution.**
- C. **Deputy Juvenile Correctional Officers** will:
1. Exercise options necessary to gain control of **youth**.
 2. Request immediate assistance from available staff by utilization of the radio, intercom, emergency button or personal duress system.

3. Upon arrival of staff, advise staff of the situation and the level of assistance needed. **Direct responding staff in their response.**
4. As soon as possible after the incident, prepare a Special Incident Report.
5. Prepare a Restraint Report and indicate that a **Chemical Agent** was used to restrain the **youth**.
6. Refer **youth** to Medical Unit/**Camp Nurse** and assist with decontamination and aftercare procedures if a **Chemical Agent** was used.
7. Refer **youth** to a **Health Care Agency (CEGU) or Department of Education (Safe Schools) Clinician** for all chemical restraints.
8. **If the youth is at a camp, transport the youth to Juvenile Hall for evaluation by Medical and a Mental Health Clinician.**
9. **911 should be called any time a youth who has been exposed to pepper spray experiences difficulty breathing or vision deficits.**

D. **Supervising Juvenile Correctional Officer/Duty Officer will:**

1. Immediately respond to the location of the incident. Assess the situation and determine the level of control required. Direct Correctional Officer's actions. If mechanical restraint is necessary, immediately involve Mental Health staff in the decision making process. Do not become physically involved with the **youth**, unless exigent circumstances dictate direct involvement in a situation.
2. Review Special Incident Reports and Restraint Reports for completeness. Assess compliance **with** policy and procedure.
3. Ensure the **youth** has been seen by medical and mental health staff.
4. Ensure an Institution Administrator has been advised of the situation.
5. Determine appropriate **housing** of **youth**.
6. Forward all documents to assigned Director and Assistant Director by end of shift. Distribute copies.

E. **Institutional Services OC Review Committee:**

Whenever a departmentally issued **Chemical Agent** canister is lost or discharged, either accidentally or intentionally (except for testing), during the course of employment, such use or loss must be documented immediately. Within two weeks after all investigations and reports are completed; the review committee will review the incident. The incident will be reviewed by the OC Review Committee in a timely manner.

1. The OC review committee will consist of:
 - a. The Assistant Director of the ISU, who will act as the committee's independent investigator.

- b. A Supervising Juvenile Correctional Officer and Deputy Juvenile Correctional Officer II appointed to the committee by the Chief Probation Officer or designee.
 - c. A designated Juvenile Hall Administrator and a designated outside institution Administrator
2. The Committee will review the initial report of the incident made by the individual(s) and obtain whatever additional documentation is necessary to provide a thorough and objective review of the incident.
- a. The scope of inquiry made by the committee will be that necessary to ensure that the report of the loss, intentional or accidental discharge of the **Chemical Agent** canister is accurate and complete and that protocol was followed.
 - b. Any deviation from protocol or suggestion of future training or procedural modification will be shared with the Chief Deputy Probation Officer – **Juvenile Intake and Detention** Bureau.
 - c. If any improprieties are found or if further investigation is deemed necessary, the committee chair will submit a final written report to the Chief Probation Officer within 14 days of the review regarding their findings and recommended action.

YOUTH GUIDANCE CENTER SUPERVISING JUVENILE CORRECTIONAL OFFICER (SJCO) ROLE AND RESPONSIBILITIES

- AUTHORITY:** California Code of Regulations, Title 15, Section 1320 and 1324
Administrative Directive
- RESCINDS:** Procedure Manual Item 3-3-F, dated 02/25/16
- FORMS:**
- | | |
|---------------------------------------|-------------|
| Duty Officer Shift Summary | (F057-0031) |
| Report of Occupational Injury | (F057-8068) |
| Biweekly Time Sheet | (VTI) |
| Request for Time Off/Shift Trade Form | (F057-6219) |
| Special Incident Report | (F057-7018) |
| Restraint Report | (F057-6305) |
| Notice of Discipline Hearing | (F057-6053) |
| Discipline Hearing Officer Report | (F057-6055) |
- PURPOSE:** To define the basic duties and responsibilities of the Supervising Juvenile Correctional Officer at the Youth Guidance Center.

I. GENERAL INFORMATION

- A. It is the responsibility of supervisors to enforce existing policies and procedures, supervise staff's performance, ensure that the rights of youth are protected, ensure there is appropriate supervision of youth by staff, monitor treatment program components, inspect the physical environment for safety and security, and train and develop staff skills.
- B. When assigned as a Duty Officer (DO), the Duty Officer directs the functions and makes primary decisions for the Department in the absence of Administration. Duty Officers make immediate operational decisions, provide subsequent follow-up surveillance, keep lines of communication open, resolve problems concerning medical and other emergencies, respond to inquiries, coordinate population levels, resolve conflicting procedures, and confer with the Administrator in Charge (AIC).

II. RESPONSIBILITIES

A. Personnel

1. Monitor Staff Performance

Supervisors have the affirmative duty to guide, teach, and train subordinate and support staff on a daily basis by:

- a. Meeting with all assigned staff on a regular basis to discuss goals and performance.

- b. Review all written work (logbook, behavior notices, SIRs, case planning, etc.) produced by assigned staff. Ensure that all **DJCOs** learn to effectively balance their authority and counseling roles.
- c. Observing staff's performance and monitoring staff attendance.

2. Consultation with the Professional Standards Division (PSD)

When the SJCO receives information that a staff member is failing to abide by set guidelines, the SJCO will apprise the Assistant Division Director/Division Director of the information and look further into the incident in an expeditious manner. If necessary, the SJCO/ADD/DD will consult with the Professional Standards Division for further direction.

3. Training

SJCOs work toward the continued development of professional skill of their staff through participation in relevant training. SJCOs will evaluate yearly training needs for further growth and development for all assigned subordinate staff.

SJCOs will monitor staff attendance at all assigned trainings in order to fulfill STC requirements.

SJCOs will ensure all trainees and newly promoted staff complete their assigned critiques after each shift.

4. Evaluations

SJCOs prepare personnel evaluations utilizing the performance standards to measure progress and evaluate performance. All evaluations are to be prepared in prescribed time frames and SJCOs are to effectively utilize the probationary period to accurately determine the ability and potential of each staff member. Once signed by all parties evaluations are returned to the Administrative Supervisor who forwards them to the Professional Standards Division.

5. Timesheets

Supervisors will review employee time sheets for accuracy and completeness and submit them to the Probation Department Payroll Unit within the prescribed deadline. When necessary, payroll adjustments need to be submitted for additions or deletions of time accumulated after payroll has been submitted (refer to Payroll Manual).

6. Scheduling

The Scheduling Supervisor prepares bi-weekly schedules for all posted positions. SJCOs will approve time off requests, shift trades, sick time, and personal emergency time consistent with the MOU and the effective functioning of the facility.

B. Communication

In support of the organizational structure of the Department, supervisors promote the flow of information to all appropriate levels and will:

1. Maintain a timely, accurate, and supportive communication link between staff and administration
2. Organize and facilitate unit meetings to discuss program planning, goals, deficiencies, and to enhance intra-staff communication at least once a month
3. Attend management meetings (bi-weekly), and disseminate appropriate information to staff
4. Review meeting notes, DO notes, Field Operations Managers meeting minutes, Juvenile Intake & Detention meeting minutes, EM minutes, Gang Meeting minutes, E-mails, memos, etc., and forward appropriate information to staff
5. Consult regularly with appropriate administrator to resolve casework, policy, procedure, or priority conflicts in a timely manner
6. Effectively represent the Department in contacts with the public and other agencies as required; present departmental policy professionally and accurately
7. As per Policy A-8, respond promptly to telephone/e-mail inquiries; in general, voice mail and e-mail messages should be retrieved at least once each day, and messages should be returned within one working day
8. See that Quarterly Reports and Monitoring Checklists are submitted within 15 days after the end of the quarter and submitted through the Chain of Command

C. Casework Management

It is the responsibility of the facility supervisors in conjunction with staff to develop individualized and appropriate treatment plans of all youth under their care.

1. Casework Document

Supervisors must ensure that all youth detained/committed to Youth Guidance Center receive appropriate casework documentation, including weekly written observation/summaries (folder comments), and monthly behavior summaries/case reviews. Supervisors will ensure that all documents are completed according to prescribed time frames as set forth by the "Institutional Casework Log Sheet" tracking form. All forms will be signed off by a supervisor, verifying the process completion upon release of the youth.

2. Special Visits

Supervisors may authorize, in conjunction with PMI 3-3-021 (Visiting-Youth Guidance Center), any person whose visits may be considered beneficial to the youth. SJCOs must complete a "Special Visit Authorization" form prior to the visitation. Special visits conducted at Youth Guidance Center are placed on the Activities Calendar on a first come first served basis.

3. Intra-Institutional Transfers

Unit transfers, aside from routine intake unit transfers, must be approved by the appropriate SJCOs due to individual casework considerations.

4. Furloughs

SJCOs in conjunction with the appropriate administrator authorize furloughs based on casework needs.

5. Petitions

SJCOs are responsible for coordinating with assigned facility DPOs in preparing applications for petition for new law violations / probation violations. DPOs are responsible for preparing probation violations or change of circumstances occurring within the facility.

6. VIPs, VPOs and Student Interns

SJCOs are responsible for the quality control of all volunteers providing services within Youth Guidance Center. SJCOs must ensure that presentations and conduct conform to Probation standards. SJCOs must also ensure that VIPs/VPOs are appropriately attired, and they maintain strict confidentiality to protect the rights of the youth.

D. Youths' Rights and Responsibilities

SJCOs will require of all subordinate staff that no youth be deprived of his/her basic rights as a means of discipline. SJCOs will also ensure that all youth have access to the General and Confidential Grievance process, which provides an opportunity for review and resolution of complaints of his/her care while in custody.

1. It is the supervisor's responsibility to ensure that all youths' rights and grievance procedures are followed.

SJCOs must complete the unit monitoring checklist on a regular basis (quarterly) in order to ensure that all guidelines are followed.

2. SJCOs must ensure that due process guidelines are followed when administering any disciplinary action (i.e., Behavior Notices, SIRs, and DHs), per PMI 3-1-043.

SJCOs are responsible for:

- a. Acting as fact finder
- b. Conducting discipline hearings
- c. Disseminating the hearing results via e-mail to the appropriate recipients

E. Safety and Security Responsibilities

SJCOs supervise and maintain facility security, including the outside areas and inner fence perimeter. SJCOs ensure that the safety and security needs of youth, staff, and the facility are observed constantly.

1. Emergency Procedures

SJCOs ensure compliance of deployment of facility staff during an emergency drill or actual emergency. SJCOs also initiate monthly training exercises and ensure that all staff and youth are aware of proper emergency procedures (fire, cover, earthquake, etc.).

2. Restraints (Physical, Mechanical, and Chemical)

DJCO II staff may utilize nine different Department-approved empty hand control holds. Mechanical restraint refers to control by use of application of handcuffs, shackles, and transportation belt. Chemical restraint refers to control by use of Oleoresins Capsicum (often called "Pepper Spray"). SJCOs will:

- a. Determine, authorize, and monitor the level of control necessary
- b. Provide direction to staff
- c. Request involvement of available therapist/clinician
- d. Notify the appropriate administrator when restraint is used
- e. Review written reports for accuracy and completeness
- f. Ensure that all reports are properly completed prior to involved staff leaving the facilities
- g. Ensure medical attention is provided for all youth involved in any physical and mechanical restraint
- h. Forward all necessary documentation to the appropriate administrator in a timely manner

3. Facility Removals

All facility removals (ARs) (behavioral/discipline) require administrative approval preferably prior to the removal. The exception would be a

removal as a result of a discipline hearing in which the **sanction** is to be served at Juvenile Hall.

4. Maintenance Issues

SJCOs must effectively regulate usage of supplies and equipment, oversee maintenance of physical plant and grounds, and enforce compliance with safety standards.

F. Duty Officer Responsibilities:

1. Probation Department Representative

Youth Guidance Center Duty Officers are the designated representatives of the Probation Department.

2. Shift Transition

The off-going Duty Officer is responsible for sharing all pertinent information with the oncoming Duty Officer/Administrator in Charge. The oncoming Duty Officer is responsible for following up on all pending matters. Each Duty Officer is responsible for completing DO notes.

3. Administrative Notification

When the Administrator in Charge checks in on the weekends/holidays the Duty Officer should apprise him/her of any pertinent information regarding the status of the facility. In addition, the Duty Officer must obtain approval from the Administrator in Charge to remove any youth for discipline or behavior reasons.

4. Population Management

The Duty officer is responsible for monitoring the facility population and the housing assignments of youth throughout YGC.

5. DO Rounds

The Duty Officer is responsible for reporting to each work location at least once during the shift.

The Duty Officer is to sign in each unit logbook and confer with staff regarding activities/statuses.

6. Hostage (All Emergencies)

Duty Officers are responsible for notifying Probation management and responding to and coordinating any hostage or major disturbance incident.

7. Worker's Compensation/Medical Emergencies

- a. When staff are injured while on duty, Duty Officers are responsible for completing Worker's Compensation documentation and forwarding it to the facility Division Director. Forms are available on PROB-NET (See Worker's Compensation Checklist and PMI 3-1-206).
- b. For serious injury or illness of staff or youth, the Duty Officer will call 911, Youth Guidance Center and/or Juvenile Hall Medical Unit and facility Director or designee.
- c. Injuries resulting in extended hospitalization, disfigurement, or death require notification of the County Safety Officer within eight hours (see PMI 1-3-307).

8. Visiting

Duty Officers must be available to respond for any unusual situation, such as parents under the influence, finding of contraband, youth/parent complaints, etc.

9. ICMS Inquiry

The Duty Officer is responsible for understanding and being able to navigate the Integrated Case Management System by accepting transfers, removing and releasing youth. They also must be able to access the ICMS Visiting List to be able to determine who is on the current visiting list.

In addition, they are responsible for understanding and being able to navigate the Automated Logbook (ICMS).

10. Scheduling

SJCOs implement contingency plans needed to ensure all posts are covered. Duty Officers are responsible for reviewing and authorizing impromptu scheduling on a daily basis.

11. Alarms

Fire Alarm: The Duty Officer is responsible for responding to a sounding fire alarm by ensuring that each unit and building at YGC is evacuated and identifying the location and source of the triggered pull station and/or triggered smoke detector. If a fire is detected, the Duty Officer is to ensure that a YGC staff member is stationed at the facility's front gate to escort the responding fire department vehicles to the fire. If a false alarm is discovered, the Duty Officer is responsible for contacting the Santa Ana Fire Department directly to cancel their response. In addition, they must contact the alarm company who may also cancel the local fire station's response. The alarm company is to be contacted to reset and service the fire alarms as soon as possible after the alarm sounds.

12. Serious Incidents

Suicide attempts and threats against staff/youth must be immediately reported to the Youth Guidance Center Director or Assistant Director.

13. Escapes

The YGC DO or Supervisor will immediately contact all appropriate parties via telephone and follow up with an email including all relevant information (i.e., DR#, circumstance of escape, etc), per PMI 3-1-102.

The YGC DO or Supervisor will submit the warrant request packet to the warrant clerk within 24 hours of the escape, or the following business day (see PMI 2-1-205).

14. Special Projects

Supervisors will be involved in special projects such as committees, investigations, program development, etc. as delegated or assigned by YGC administration.

15. In Service Training (I. S. T.)

Supervisors are to be available to participate and lead in-service training (IST) sessions for Youth Guidance Center staff members.

The background of the slide is a solid dark blue color with a pattern of lighter blue diagonal stripes running from the top-left towards the bottom-right.

SABRE

O.C. Pepper Spray

Student Program

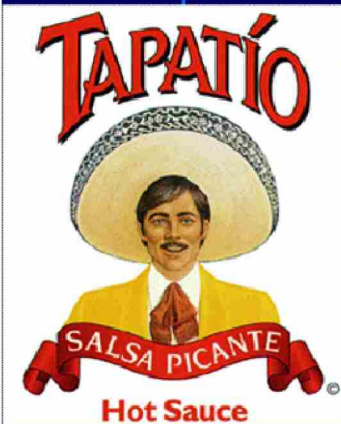

O.C Student Course Objectives

At the end of this session the student will be able to demonstrate, outline and explain the:

- Effects produced by Oleoresin Capsicum – OC
- Stream Delivery System, advantages and disadvantages of same (list your agencies spray pattern here)
- Proper use of Oleoresin Capsicum
- Decontamination procedures
- Preventing Officer Contaminations!
- Warning signs which require Emergency Services
- Reporting Force

What is OC?

- OC (oleoresin capsaicin) spray is an inflammatory agent derived from organic chemical compounds found in various forms of potent pepper plants

Capsaicinoids

- Active ingredient in OC spray
- Heat bearing and pain producing components
- Higher = Stronger
- Most accurate measure

SABRE COMPARISON CHART

<u>Product</u>	<u>OC</u>	<u>Capsaicinoid Content</u>
SABRE Red	10%	1.33%
SABRE 5.0	5%	0.67%
SABRE 5.5	5.5%	0.37%
SABRE Defense	10%	0.33%
SABRE Advanced (includes 1.5% CS)	2.5%	0.33%

Inactive Ingredients

- **Propellant:** a liquid or gas which pressurizes the can
- **Carrier:** Inactive ingredients that create an even disbursement of OC throughout the formulation, H₂O
- **Non-flammable** with Controlled Electric Devices i.e. Taser

Canister

- MK 3 / 1.8 oz - Stream Delivery
- Flip Top Mechanism which
 - * Helps prevent accidental discharge.
 - * Makes it easier to point the discharge nozzle away from the user.
 - * Makes it easier to fire under low light conditions
 - * Use Thumb to deploy
 - * **Position index finger below nozzle!!**

O.C.

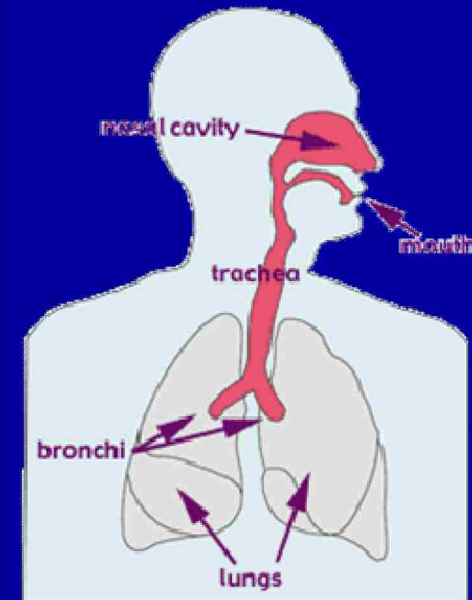

- Is a distance option *(3-20 feet)*
- Doesn't physically incapacitate:
 - *Drug-induced subjects*
 - *High Motivated and Goal-oriented persons*
 - *Mental Health subjects*
 - ***Take Away Vision – Get Tactical Advantage!***
- Be ready to reassess and transition to another option if necessary

What does it affect?

3 MAIN AREAS

- *Eyes*
- *Respiratory System*
- *Skin*

Eyes

- Painful burning sensation
- Involuntary eye closure
- Profound tearing
- Visual impairment
- Protracted redness
- **Eye Closure = Best Tactical Advantage!**

Respiratory System

- Inflammation of mucous membranes, i.e. lips, nose, tongue
- Pronounced mucous secretion
- Coughing, shortness of breath
- Tightening of chest

Skin

- Intense burning sensation
- Possible inflammation
- Reddening of skin surface

Psychological Effects

- Fear
- Anxiety
- Possible panic
- Hyperventilation

What an Exposure Looks Like?

3 Levels of Contamination

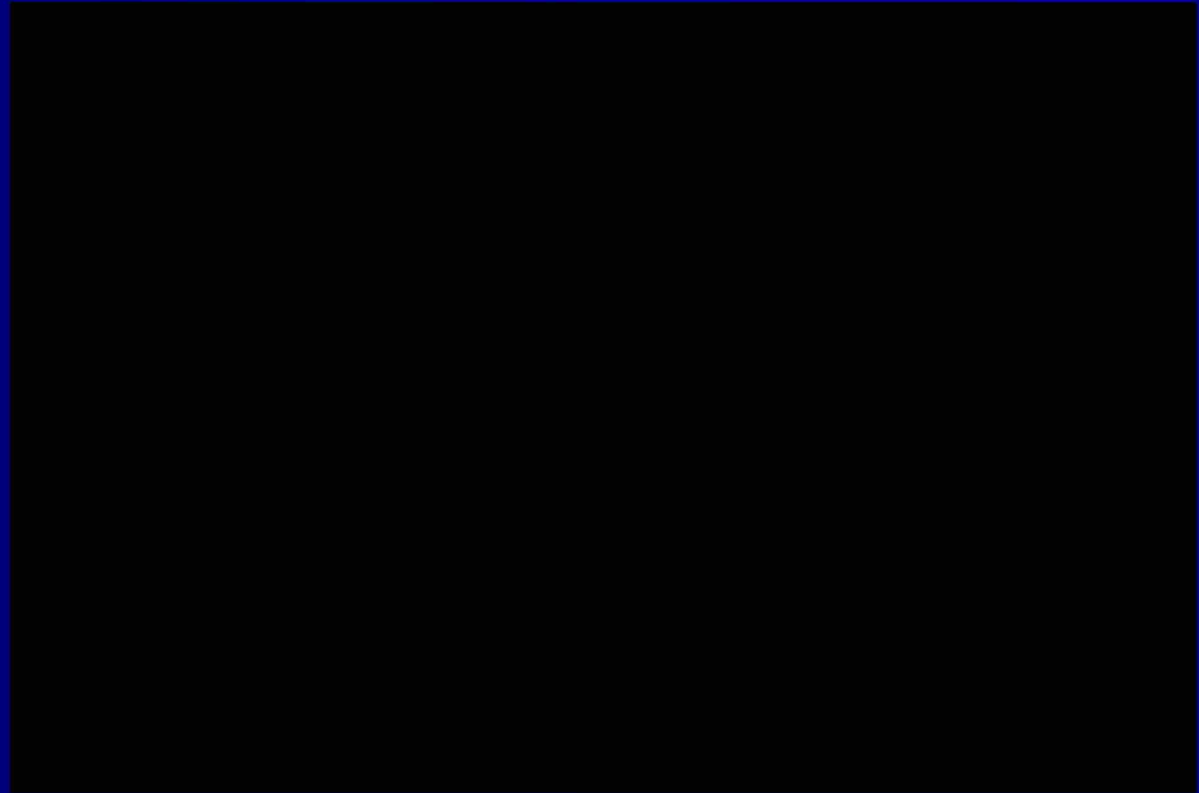

- **Level 1** – Direct Contamination – sprayed into the eyes and face.
- **Level 2** - Indirect or Secondary Contamination, contact with a person who has been exposed to Level 1
- **Level 3 Environmental** – In the atmosphere

3 Delivery Systems

- Stream - Liquid
- Fog / Cone - Gaseous
- Foam / Gel – Hybrid (Liquid/Solid)

Spray Patterns

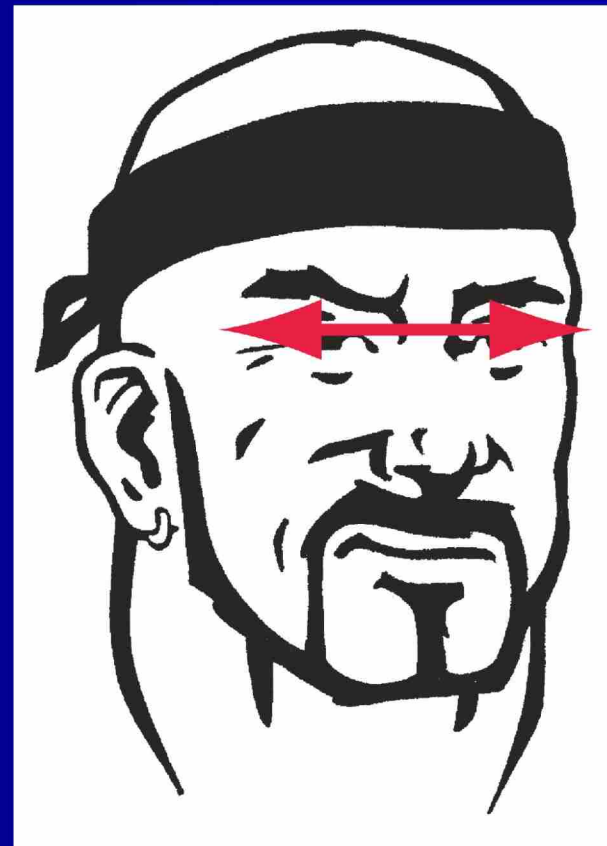

- Stream
- Cone
- Foam

Stream Delivery

- **Spray from ear to ear across the eyes.**
(VERY IMPORTANT!)
- At five feet, the stream delivery has a diameter of six (6) inches.
- If subject wears glasses, spray just above the glasses.

Stream Delivery

Advantages

- Reduces cross contamination.
- Reduces wind blowback.
- Range of up to 15 to 20 feet.
- Good visualization process of the acquisition area.

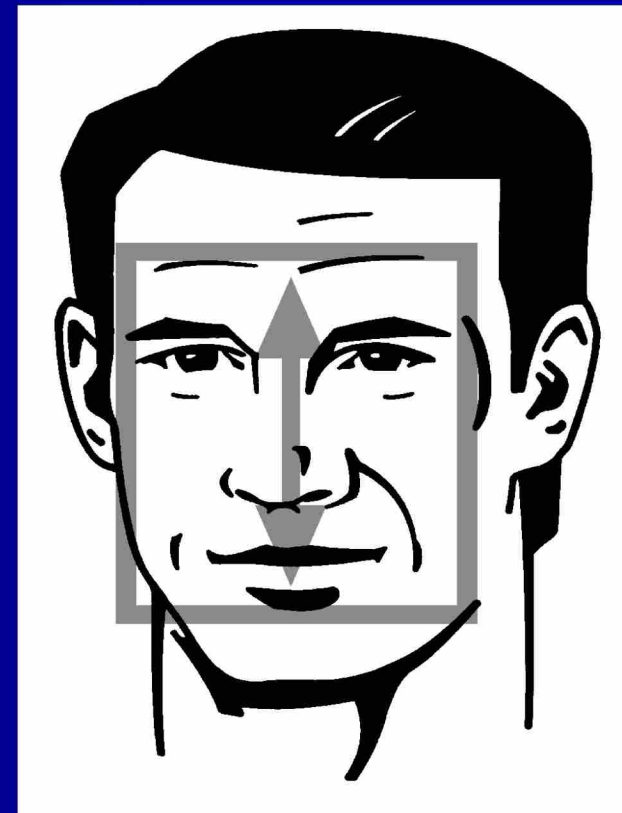

Stream Delivery

Disadvantages

- Limited effect on the respiratory system.
- Contact with eyes is imperative for an immediate affect.

Cone Delivery

- **Spray up & down – center of the face.**
- At five feet, the cone delivery has a diameter of twelve (12) inches.
- Restriction of deep lung breathing
- Cross contamination & wind blow back concerns

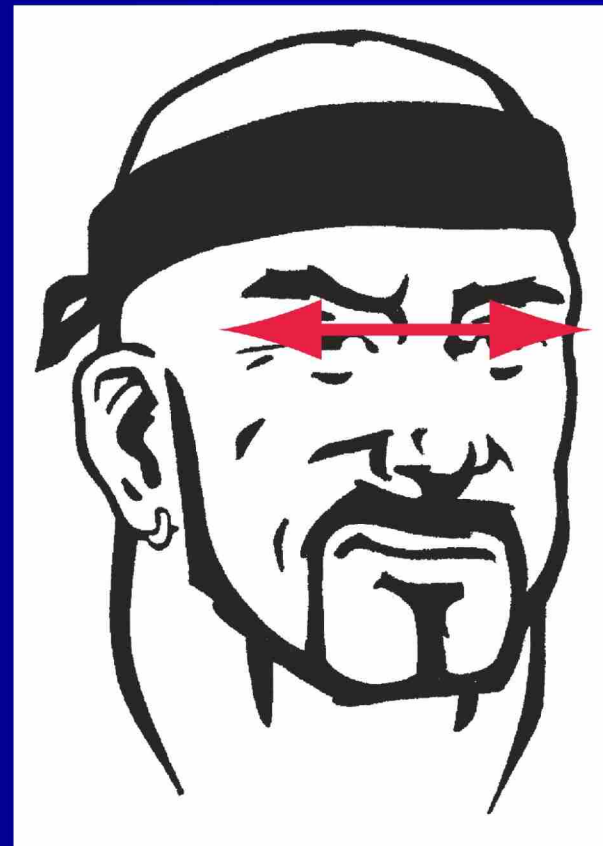

Foam Delivery

- **Aim eyes, center of face and spray in circular motion**
- At five feet, the foam delivery has a diameter of eight (8) inches.
- If subject wears glasses, spray just above the glasses.
- Caution – may try to wipe on you
- Max range about 8 feet

Gel Delivery

- **Spray from ear to ear across the eyes.**
(VERY IMPORTANT!)
- At five feet, the gel delivery has a diameter of six (6) inches.
- If subject wears glasses, spray just above the glasses.
- Crossfire Technology!
- Deploys further than Foam – 20 foot range

August 28, 2016

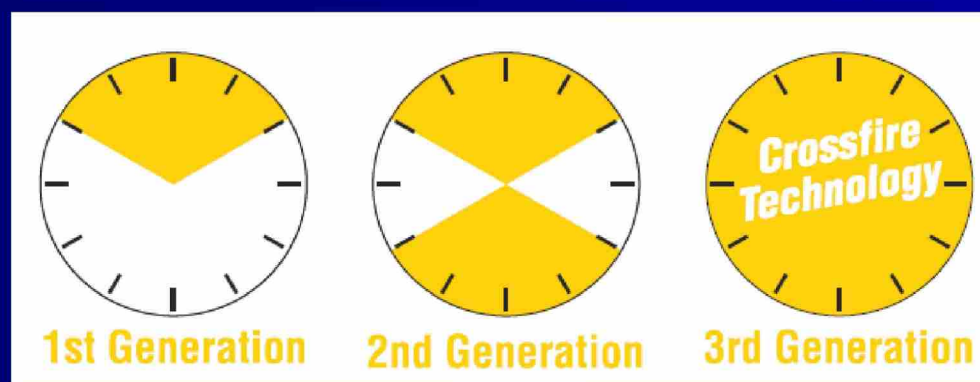

Have I targeted the required area?

- Natural OC pigment Yellowish to Red-Orange
- Identifies area of contamination
- **Don't touch this area!**
- Additional deployments may be necessary
- Ultraviolet marking dye is included and may last on skin and clothing for up to 48 hrs

Special Considerations for Deployment of O.C.

1. Persons in an elevated location.
2. Persons in charge of a vehicle while it is running.
3. Females that are known to be or are obviously pregnant.
4. People that are elderly or infirm
5. Crowded Areas

Crossfire Technology

- Superior to 1st and 2nd generation Aerosol Irritant Projectors. CROSSFIRE provides 3G!

CROSSFIRE maximizes Target Acquisition by providing officers with the ability to deploy their OC continuously (if necessary) from any position, angle or orientation!

Crossfire Technology

Environmental Considerations

- Terrain (footing, effectiveness of force options)
- Weather (footing, visibility, effectiveness of force options)
- Lighting (visibility, effectiveness of force options)
- other hazards
- Friendly/hostile territory
- Availability of physical cover proximity of back-up
- Tactical withdrawal/disengagement possibility

Surviving Incidents Involving USE of FORCE

■ Watch the Eyes:

1. Avoidance
2. Scanning
3. Target Glance
4. 1000- Yard Stare
5. Contact with associates

■ Facial Cues:

1. Sweating
2. Tight Jaw Muscles
3. Hands to face

■ Body Language Cues:

1. Lack of movement
2. Flanking moves
3. Adjust clothing repeatedly
4. Clinched fist
5. Hands

■ Clothing Cues:

1. Clothing inconsistent with weather
2. Unnatural bulges
3. Jacket / clothing is removed when you are seen
4. Repeated adjustment of clothing

Why Do We Use Intermediate Weapons?

- The purpose of an OC spray deployment is to create a ***window of opportunity*** to:
- *Take follow up control*
- *Tactically reposition and assess* which is a continuous process before during and after.
- To achieve **Safe Separation**

Tactical Considerations

- Conceal OC from the subject before use, element of surprise is key.
- Be aware of environmental factors (wind, rain, cross-contamination)
- Use thumb on actuator, not a finger.

Tactical Considerations

- After deploying a 1 second burst, move off the line of attack (45 degree) if possible, redirect to the canister side
- Do not deploy at distances less than 3 feet - Hydraulic Needle Effect, splash back & weapon retention
- Combat tuck retention position, do not offer the canister to the subject.

O.C. and Animals

- O.C. is effective on dogs but will not stop a dog charging at you.

Storage

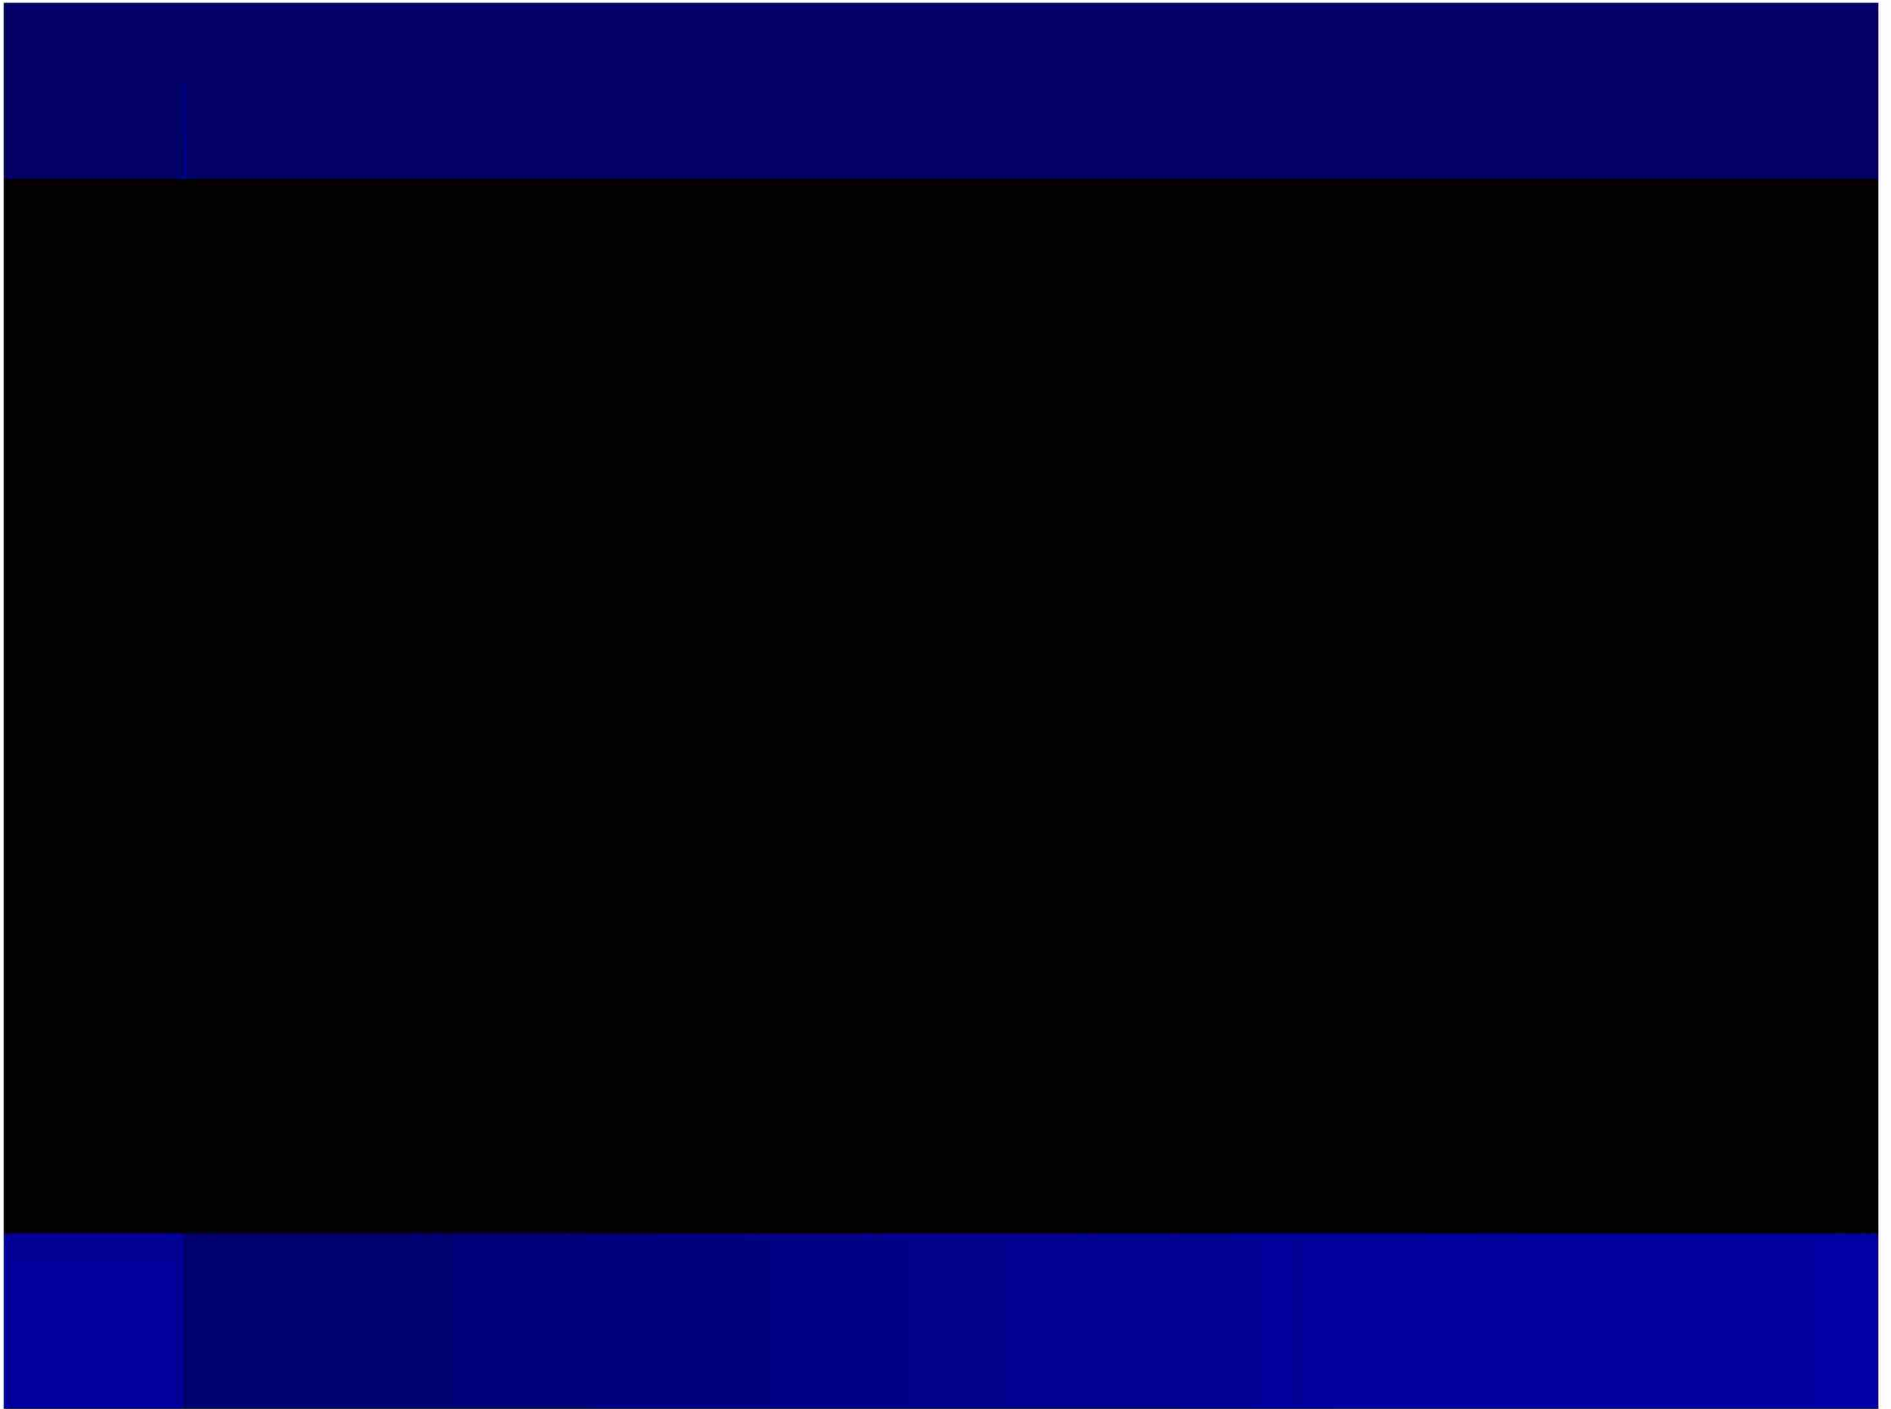

- Store at normal room temperature, 70 F
- Do not store below 32 F
- Do not expose to temperatures over 120 F
- Store in cool dry place
- 5 Year shelf life – expiration date printed on canister label
- Replacement after each usage.

Maintenance

- Clear debris and check nozzle at regular intervals
- 1/4 second deployment to check functionality every 6 months. Spray into a drain or towards the ground while outside.

Tactical Considerations

- Use loud repetitive verbal commands!
"Police, Get Back, Get Back, Get on the Ground, Do it now"!!
- **Combat Tuck** if required!
i.e. Retention position

Post Application Procedures

- ***Control subject***

- Wait for product to take affect!

- Clenched fists
 - Grimace – Painful Sounds
 - Hands out to side for balance
 - Hands on Knees
 - Eyes Close

- Let product dissipate into atmosphere 1st!

- *Remove subject from contaminated area as soon as is practical*

Post Application Procedures

- *Determine if serious medical condition requiring emergency services exist:*
 - *heart problems*
 - *severe respiratory problems*
 - *Diabetes, Epilepsy*
 - *high blood pressure*
 - *under the influence of alcohol or drugs*
 - *if subject requests medical attention*
 - *loses consciousness*
 - *shallow breathing combined with sweating*

Post Application Procedures

Decon process

- *Reassure subject*
- *Decontaminate (wet and dry paper towels if applicable, copious amounts of cool water into open eyes, eye strobing)*
- *If significant relief is not achieved after 45 minutes contact emergency services*
- ***Monitor for at least 2 hours***
- *Document (Arrest forms, Notebook, RCC)*
- *Contaminated Officers to use SABRE DECON*

PREVENTING OFFICER CONTAMINATIONS

What If You Get Contaminated

- Create safe separation
- Slow rhythmic breathing
- Stay Calm, (Positive mindset)
- Use of the Tactical C
- Ensure back up is on the way
- Notify supervisor
- Decontaminate as soon as possible

Reporting Use of Force

- Recommended Topics to Include in your report:
 - How many members at the scene
 - Verbal dialogue before during and after
 - Subjects response (or lack of) to commands
 - Why encounter began and why it couldn't be avoided
 - Techniques used

Reporting Use of Force

- Recommended Topics to Include in your report:

- How long resistance lasted
- De-escalation techniques used after subject submitted
- Documentation of Decon process
- Details of transportation
- *Note Keep in mind that video cameras are everywhere. Be sure your reports are as complete and accurate as possible. You may not always know you are being recorded, you should treat every situation as though it were being recorded.*

Decontaminations Don't's

- Do not rub eyes
- Do not remove subjects' contacts
- Do not use commercial eyewash, skin creams, or salves
- When using fan or air con to cool face do not open eyes!

Transportation Issues

- While transporting the exposed subject, the officer should:
 - Allow the subject to sit in an upright position
 - Continually monitor the subject's medical condition
 - Check to make sure the subject is breathing normally

PHANTOM

HITS HARD - Decons Easy!
